

AT-07	US-08 As a user, I want to be able to edit my account information as a precaution against change.
Demo Steps	1. Once logged in as a user navigate to the profile page via the side nave bar 2. Edit the values of user name, school and email 3. Navigate to the home page and verify in the top right corner of the screen the new user name 4. Navigate back to the profile page and verify the new values of school and email are present as well
Acceptance Criteria	Given that a profile has been created and I'm logged in I can update the user's name, email and school on the profile page
Result	passed
