AT-11	US-16 **As a user, I want to be able to vote on the resources for any course**
Demo Steps	1. Log in as a user 2. Find a quiz which you know already has a comment 3. Up vote or down vote the comment 4. Verify the score for the comment changes accordingly 5. Log out and log back in as another user 6. Find the same quiz and verify the correct score for that comment
Acceptance Criteria	Given that there is a quiz with a comment in the comment section and I've voted on the comment, I can log in as another user and see that the score for that comment has changed according to the previous vote.
